MONTH'S
SPONSOR

THE PRESIDENT'S CORNER

BY SCOTT DUSENBURY

Welcome back to another exciting ASHRAE year!¹. We have a lot planned and are looking forward to a great year, especially with a visit from the Society President, Tom Watson, in March. Hosting the Society President is always an honor and I find the meeting very interesting to hear from the President their take on ASHRAE and how it relates to our profession. So watch for that meeting and I hope to see you there!

At this point in the program, you may be wondering why you are hearing from me again². In case you didn't hear, Gina has left the area for another opportunity; which left us with a void to fill. While we have a great board this year, full of future chapter leaders, we did not want to rush Dan into this position without some more experience. That lead to Brendan asking me to fill in for this year to provide some continuity³.

For those that have been around the chapter for a while know that we have had some issues over the past few years where we have had an officer leave that then sends us into a scramble looking for someone to fill that spot. In order to combat this, I am looking at each one of you. If you have ever thought about getting involved or where involved at one time, please get in touch with me or anyone else from the board. We would love to have you! The more people we have contributing, the easier it is for everyone. And to the Past-Presidents out there that we have not seen in a while, I challenge you to talk to your staffs and colleagues about being involved. You already know the benefits of being involved in ASHRAE and really should be our number one recruiters of new members and volunteers. If I can help you in any way, please let me know⁴.

I am looking forward to a great year and hope to see many of you at all of our meetings⁵.

¹ Doesn't it feel like the September 'President's Corner' section always start that way? Who am I to break tradition?

² I can hear all of the groans out there; but, there was a special election that covered this. That was your chance and you missed it.

³ In other words, you are stuck with me again; you are welcome.

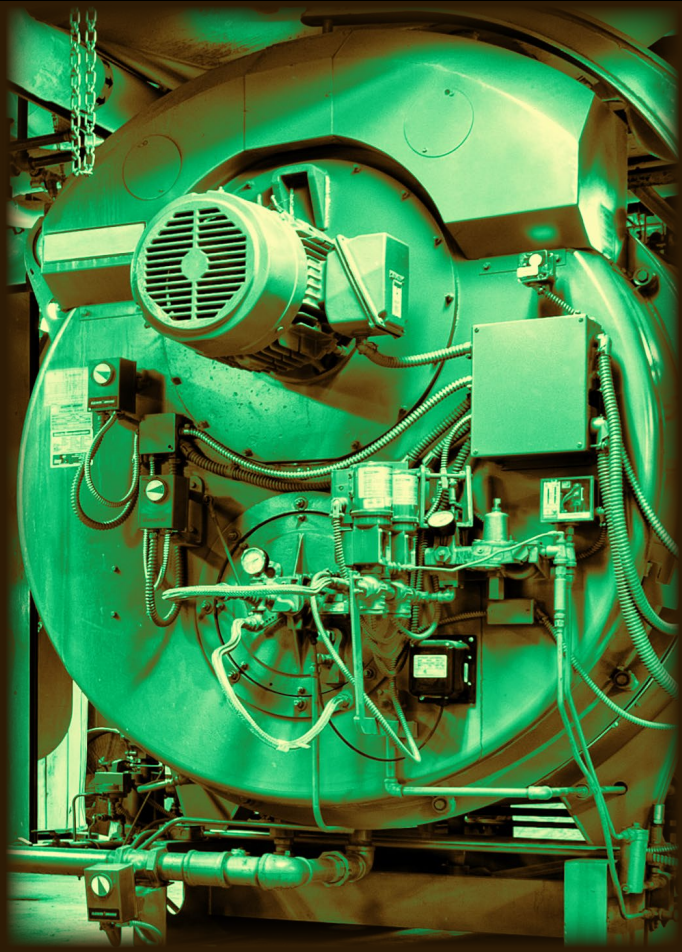

⁴ This isn't one of those fake offers either, I would like to know how I can help.

⁵ Except you Matt Nelson.

NORMAN E. HALL
President

R.L. Deppmann
Detroit, Michigan

Norman E. Hall is president of R.L. Deppmann. Norm graduated from Wayne State University in Electrical Engineering. Over the past 40 years at RLD Norm has worked on design/engineering of systems, estimating, outside sales & management.

Norm is a Past President of the ASHRAE-Detroit Chapter and held seat on the Board of Governors for two of the last three years. He remains active and is currently on the committee for the 2014 Region 5 CRC. He is a past president of the B&G Representatives Association. He is also a member of ASPE.

Customers say, "He is a source of knowledge, shares the knowledge with us, and looks out for our best interest as if he worked at our company".

Norm enjoys golf, tennis, teaching eighth grade catechism classes, and volunteering at local food banks.

ASHRAE SCHOLARSHIP APPLICATION

If you know of someone who is actively attending college to earn a mechanical or architectural engineering degree at a Northeast Ohio University or out of the area, but is from the Northeast Ohio area, please point them in a direction of a Sal Triana Scholarship possibility. The intent of this scholarship is to help those engineering students seeking to someday make a career in the HVAC consulting/engineering/sales businesses get through the financial struggles of a higher education.

Applications can be found on the Cleveland ASHRAE Website and e-mailed to kborah@karpinskieng.com.

If you have any questions, please feel free to contact Ken Borah at **216-391-3700**.

Victor K. Farr, a scion of an ASHRAE family, and former Vice President of Parts supplies at Refrigeration Sales, died July 27, 2016 at age 73 from a lengthy illness. His father was Warren W. Farr, Sr., the founding president of the Cleveland Chapter of the American Society of Refrigerating Engineers in 1941-42. (ASRE and ASHVE combined to form ASHRAE in 1959.) Vic's brother is Warren W. ("Hap") Farr, Jr., ASHRAE Chapter president in 1970-71. We extend our sympathy to Hap. Vic is survived by his wife, four children, ten grandchildren, and a former wife. Funeral services were held on Wednesday, August 3, 2016 at the Ferfolia Funeral Home in Sagamore Hills.

REMEMBERING A PROMINENT PERSON IN OUR INDUSTRY

Donald W. Stenzel was a structural engineer who worked with many of our members during his forty-year tenure with the Barber & Hoffman office, until he retired as President at that firm. Don died at age 92 on Sunday, July 17, 2016. His wife Loie had died earlier, but he is survived by two sons, two daughters, five grandchildren and eleven great-grandchildren. Don had flown 33 missions as a B-24 bombardier in World War II, including the D-Day invasion, and received the Distinguished Flying Cross (the second-highest award in the U.S. Army Air Corps). He went on to graduate as an engineer from Fenn College, and also served as the ASCE chapter President. His memorial service was held on Saturday morning, July 23, 2016, at John Knox Presbyterian Church in North Olmsted.
